# Candidates for Degrees To Be Granted at End Of Quarter Approved At Meeting of Faculty

Two Master, Twenty-Six Bachelors of Arts Applications Certified by Speer; Farrington, Adams Complete Theses for Hoods

Candidates for two master of arts and 26 bachelor of arts degrees to be granted at the end of Winter quarter, March 18, were approved, subject to University graduation requirements, at a special faculty meeting Monday in Main Hall. Final conferring of degrees is subject to the provision that all requirements for the respective degrees and certificates be completed in accordance with faculty rules, which include the completion and approval of this quarter's study.

The candidacy list submitted by Dr. W. R. Ames, chairman of the committee on admission and graduation, was approved unanimously at the faculty meeting, and certified by J. B. Speer, University registrar.

Two applications for the master of arts degree were approved. Clayton Farrington, who received his B.A. here in 1923, applied for an M.A. in history and political sciences. His thesis is "The Political Career of William B. Clark of Montana." John W. Adams, with a B.A. from Intermountain Union College (Billings Polytechnic), Billings in 1923, applied for his M.A. in zoology, with his thesis "An Investigation into the Behavior of Trichopterous Larvae."

## Applicants Listed Below

The 26 applicants for bachelor of arts degrees are listed below.

Chemistry — Robert R. Zahn, Mandan, N.D.

English — Lael Olcott, Red Lodge.

History and political science — Russell H. Edwards, Landusky; Charles William Jones, Livingston and Ruth Marjorie Smalls, Long Beach, Calif.

Home economics — Margery Abel, Missoula and Barbara Jane Wilkinson, Alberton.

## Four in Pre-Med

Pre-medical sciences—Ruth M. Bartlett, Belton; Victoria M. Carulis, Butte; Paul Henry Edward Mancoriel Jr., Conrad, and Paul Edward Zuelke, Alberton.

Psychology and philosophy — Mrs. Louise Line Grout, Missoula; (Continued on Page Four)

## Red Cross

## Room Closed

The Red Cross Surgical Dressing Room is temporarily closed, Cyrille van Duser, Student Union Manager, announced yesterday. Until a new quota arrives, the work will be discontinued since the present quota has been filled.

## NOTICE

Students should turn in their NYA cards by 4 o'clock on Monday.

# String Quartet to Appear

The world famous Budapest String Quartet will appear at 8:15 o'clock next Thursday night in the Student Union Auditorium in the third of the current series of Community Concert programs, Ralph Gildroy, Billings, student concert chairman, announced yesterday. Comprised of Josef Roissmann, first violin; Alexander Schneider, second violin; Boris Kroyt, viola and Mischa Schneider, violoncello, the Budapest String Quartet is hailed the world over as the superlative interpreter of chamber music.

## Davison Will Discuss World Re-mapping

Lecturer Will Appear Before Student Body, Executive Club

Frank D. Davison will discuss "The Ten Men Who Lead in Re-Mapping the World" before the Missoula Executive Club and ASMSU at 8:15 o'clock tonight in the Student Union Theater.

Davison is a noted biographer and describes great personalities of the day such as Roosevelt, Churchill, Stalin, Hitler, Chiang Kai-shek, Gandhi, Mussolini, Timoshenko, MacArthur and Tojo, whom he considers the most likely leaders in the re-mapping of the world.

For the past 30 years Davison has lived in the Pacific Northwest. He was born in England but moved, as a young man, to Washington where he engaged in an engineering project. He spent some time in Victoria, B. C. operating a dairy farm and designing and building houses. He entered business in Washington in 1924. Davison has recently become a popular commentator on international affairs.

## Bearpaws, Spurs Aid War Effort With Stamp Sales

Approximately \$50 in war stamps have been sold by the Bearpaws and Spurs in their weekly sales campaign, Jack Buzzetti, Hardin, chairman of the Student War Activities Commission announced yesterday. For the past three Thursdays the Bearpaws and Spurs have been selling stamps at their booth in the Student Store.

According to Jim MacIntosh, Duke, and Irene Caras, Spur president, these two service organizations will continue these sales in an attempt to bring about regular weekly purchases on the part of each student.

Their American debut occurred at Cornell University in 1930. During that first season in America the quartet played almost 20 concerts. Last season, 11 years later, America heard them no less than 84 times.

The name of the organization is old and eminent, for it goes back many years in the annals of European musical life. The present personnel has, according to critics, maintained the tradition of pre-eminence attached to its name, but at the same time the artists have brought their actual performance

## Merrill Announces New Non-Centralized System For March 15-18 Finals

Non-centralized final examinations will be given the week of March 15 through 18, Dr. A. S. Merrill, chairman of the schedule committee, announced yesterday afternoon.

The classroom plan is being substituted winter quarter for the customary centralized gymnasium examination, Dr. Merrill said. A complete schedule of hours and room assignments will be published in the Kaimin and posted on bulletin boards within the next few weeks.

"In general, the final examinations will be written in the classroom in which the class ordinarily meets," Dr. Merrill said.

When classes have to be moved from the regular meeting places, indication will be made on the general schedule. Except for two credit courses which have one-hour examinations, the length of each exam will be two hours.

Explaining the new scheme in detail, Dr. Merrill stated that three and five credit courses will have precedence of time over two credit courses.

"In order to avoid room conflicts," he said, "classes which meet only twice a week will probably be assigned to a two-hour period immediately following the time assigned to a three or five credit course which meets at that same hour. The sciences and the general survey courses will probably be given in lecture rooms and large classes meeting in small rooms may be assigned to other examination centers."

In order to prevent undue hardships upon students, Dr. Merrill explained that "an attempt is being made to limit the number of examinations required of any student to two a day. If any student is compelled to take more than two, he may consider petitioning for a change of time.

All hour and class room assignments will be indicated on the final examination schedule.

## Armon Glenn Works for FBI

Armon Glenn '36, former assistant to the registrar with the Federal Bureau of Investigation in New York City, according to a letter received by Dr. Bart Thomas, Department of Modern Languages.

Glenn, a graduate in Spanish is entirely with Spanish-speaking people, adds that he had never realized there were so many dialects. While he enjoys his work, he says that he does miss the West. "Believe me, I'd like to be in Missoula, if I could carry on my present work there."

to a degree of excellence hitherto unprecedented.

The Philadelphia Evening Bulletin describes the four artists as "Among the greatest in their fields. Their style is flexible, broad, warm and above all musical." Writes the Boston Morning Globe: "All the virtues of ensemble playing are united in the Budapest four. Their tone is rich, luxurious and blended." The St. Paul Pioneer Press says "The Budapest String String Quartet is not surpassed by any corresponding unit in the world today."

## Ford Named To Position On Board

All Publications May Come Under Revised Committee Setup

In an effort to bring the School of Journalism in closer relationship to the Kaimin and student administration and to enable journalism faculty members to act in an advisory capacity when needed, Central Board appointed James L. C. Ford, dean of the School of Journalism, as an ex-officio member of Publications Board Tuesday.

Dr. E. O. Melby, meeting with Central Board, stated a long-range policy-forming committee is desired of Publications Board. It might be desirable, Dr. Melby expressed, to form a committee which could supervise all University publications. Since the Sentinel and the Kaimin are ASMSU publications, the board's activities would be directed more to those fields. However, Publications Committee might aid publications of other schools and departments in financial matters or matters pertaining to makeup and form.

In the same motion which approved the appointment of Dean Ford, Central Board gave Publications Board a "shot in the arm" by ruling that it formulate by April 1, a paper stating the duties, functions, and possible changes necessary in the Board. The ASMSU constitution, it was explained, does not provide any positive action for Publications Board. The only stated duty, which is negative, states that Publications Board shall not interfere with the editorial policy of the Kaimin.

## Music School's Fifth Recital Bills Faulkner

AWVS Bond, Stamp Sale, With Community Singing Ends Program

Vocalist Helen Faulkner, soprano and assistant instructor of music, will be accompanied by Rudolph Wendt, instructor in music, at the piano in the regular Sunday afternoon faculty recitals from the Mayfair Room, Florence Hotel.

The four o'clock program, fifth in the present series, will feature the selections "Elizabeth's Prayer," Wagner; "Solvejg's Song," Greig; "Nightingale," Alabieff; "Jewel Song from 'Faust'," Gounod.

"From the Land of the Sky Blue Water," Cadman; "Pierrot," Watts; "A Memory," Ganz; "Annie Laurie," Lehmann; "When You're Away," Herbert; "Kiss Me Again," Herbert; "Blue Danube," Strauss-Liebling.

Community singing will conclude the regular program, and selling of war stamps and bonds will be conducted by the American Women's Voluntary Services, sponsor of the recitals.

## Tascher Leaves for Denver As Economist for NLRB

After 10 years as a faculty member, Dr. Harold Tascher, assistant professor of sociology, has been granted an indefinite leave of absence and will leave next week for Denver where he will serve as labor economist in the regional office of the NLRB, the President's office announced yesterday. Involving the settlement of cases, Tascher's job will

## Spurs to Sell Tags for Dance

Tags advertising Charter Day will go on sale Monday in the Student Store, Irene Caras, Missoula, Spur president, announced last night.

In addition to advertising the University's Golden Anniversary the tags will admit the students wearing them to a matinee dance next Wednesday in the Gold Room from 3:30 to 5:30 o'clock.

Jim McIntosh, Missoula, Chief Grizzly, described the affair as a "come-as-you-are-from-classes-deal."

"Support of the dance will mean support of Charter Day celebration," Miss Caras said.

be in the review section of the voluntary wage adjustment division of the National Labor Relations Board.

In 1939, Tascher established the social work laboratory here which has aided in the growth of Campus Congress, the Nursery School and the Student Union Building.

The sociology laboratory gives senior students an opportunity to do field work by working in their own departments in conjunction with sociological methods and is designed to give the members of the course training in serving the community and the assumption of responsibility.

Members of the social work laboratory presented Dr. Tascher with an engraved brief case last night at a testimonial dinner given in his honor in the Bitterroot Room of the Student Union.

Tascher obtained his Ph.D. degree in political science from the University of Illinois and acquired professional training and social work at the Universities of Chicago and Minnesota.

## Men in Specialized Army Program Not " . . . College Boy in Uniform"

FURTHER DETAILS of the military specialized training program which will provide technical instruction for about 150,000 young soldiers each year were released recently by Brig. Gen. Joe N. Dalton, assistant chief of staff for personnel, services of supply.

"These men . . . will spend from 12 to 48 weeks in classrooms, laboratories and study halls preparing for special duties in such services as the Air Forces, Corps of Engineers, Medical Department, Chemical Warfare, Signal Corps and the Adjutant General's Division."

Of discipline, General Dalton said:

"Each unit of the Army Specialized Training Program will be under a commandant whose military authority will be final. He will have a small staff of officers and enlisted men who will assist him in directing the activities of all members of his unit when they are not engaged with their studies. He will establish a physical conditioning schedule which will include the many types of athletic games now so popular on the campus. Military subjects will be taught and the soldier-students will be organized into cadet corps."

The program is not designed to be a "nice soft spot for young men who have been inducted into the service," the general added. "In this program each trainee is a seventh-grade private, drawing \$50 a month . . . He's not a college boy in uniform; he's a doughboy in a military unit located at a college."

## Yphantis Paints At Berkely

George Yphantis, associate professor of fine arts on leave from the University, has been spending several months at Berkeley, Calif., where he is painting and studying. He has been afforded studio space and facilities for his art work at the University of California.

## Communications

Students have been aware for some time that the bells between classes indicate that a period is over. Professors, however, seem to be entirely ignorant of the fact. Invariably an instructor will insist on finishing his train of thought, perhaps holding the class for an extra minute or sometimes even five. If you're taking an R.O.T.C. course, there'll be heck to pay when you get there. Basic students will get their grade for the day lowered. In the advanced course—if you get to class late, you're considered absent. That means a loss of 50 cents, and two points deducted from your final grade.

"Well, who's the R.O.T.C. department, that they think they're so cocky?" has been the reaction of some professors. Why don't these stick-in-the-muds wake up and realize we're training to fight a war? The R.O.T.C. and various reserves are the only reason we have any male students at all on the campus. When we get into the armed forces we'll meet schedules or else. What's the matter with a little punctuality here at school?

Besides, some students have busses to catch, meetings to attend, or jobs to hold down. The latter is true especially at noon. Nearly all instructors are alike, but the worst offenses occur in the Education Dept., the Law School, and other lecture courses.

Why not anticipate the bell, rather than wait till it rings? If instructors still insist, LET'S HAVE TEN MINUTES BETWEEN CLASSES.

CARL L. ISAACSON.

## "Bertha" to Reign At Ball Tonight

"Big Bertha" will reign in all her glory tonight as the men's gym and the forestry building play hosts to the throngs at Foresters' Ball. The moose-head mascot of the foresters, none the worse for her recent kidnaping, will beam down upon the guests from her mount on the wall of the forestry library, now converted into a mess hall.

Costumes—not just jeans and plaid shirts, bust costumes—will be the order of the evening, and war stamp prizes will be awarded those whose out-of-doors dress is most unique.

Bob James and his campus orchestra will provide the melodies.

Chief Push Tony Evanko, Seattle urged that caution be used with cigarettes and matches because of the danger created by the evergreen decorations. He announced that smoking will be permitted only in designated portions of the buildings.

## NOTICE

The Women's Physical Education Club will meet at 7 o'clock Saturday at 438 McLeod, Helen Sorge, physical education director, announced yesterday.

### SPE Also Lose Match To PSK; Four Teams Will Vie for First

Sigma Chi rallied in the second half to defeat Sigma Nu 28 to 26 Wednesday night; thus dropping them from the league lead. Phi Delta Theta went on a scoring spree in the evening's second game to whip Sigma Alpha Epsilon 39 to 26. Rich Fox swished a basket in the final 30 seconds of play to give Phi Sigma Kappa a 23 to 22 decision over Sigma Phi Epsilon Tuesday night. A rearranged Independent squad concentrated on one play to trounce Theta Chi 40 to 31 in the evenings opener.

#### Sigma Chis Win

Sigma Chi started slowly, but sparked on shots from the corners by Ritter and Smiley in the final half to win by one basket.

Ritter flashed six field goals to top the Sigma Chi scoring column with 12 points. Smiley hit every quarter to gain an eight point total.

Sigma Nu lost the game from the foul line, converting only four of 13. Burgess and DiRe worked well on defense, but each had three fouls.

#### Phi Deltas Win

Phi Delta Theta netted many counters Wednesday night as Potter and Jardine switched to forward positions to head the attack. SAE guarding was lax and allowed many break-in shots from the hole.

Potter cut across with an overhead shot to top the scorers with 12 points. Jardine tipped in five buckets from the field and one from the foul line to run a close second with 11 points.

McCulley, pivoting from the hole, rang up four baskets for the losers followed by Wedin with six points.

#### SPE's Lose

Sigma Phi Epsilon lost control in the final period and bowed to the Phi Sigs 23 to 22 Tuesday evening. Phi Sigma Kappa grabbed the lead with three and one-half minutes to go as Fiske broke out of the hole for a hook shot. Bob White regained control for the Sig Eps with one minute remaining, but R. Fox dropped a high arch shot with 30 seconds left to give Phi Sigma Kappa the game.

#### Independents Win

Yovetich, who switched from guard to forward for the Independents, and Louis Poppler, center, who worked brilliantly under the basket, were a constant threat to Theta Chi. Brooks, Cox, Besich and James fired a continual barrage of set shots which fell just below the rim into the hands of Poppler and Yovetich. Theta Chi shooting was wild in the first half

and became wilder as the Independent lead grew.

Bob Sykes was unstoppable in the second half as he fired from every conceivable position to score 19 points, this year's record for intramural play. Amos hit three long ones, but the rest of the Theta Chi team was cold, fumbling many set-ups.

## Phi Delt Top League; SX Second

Phi Delt keggers emerged from Saturday's Interfraternity bowling matches with three wins over the Sigma Nu's to stretch their league lead to two full games over their nearest rival. The Sigma Chi's copped three games from the Phi Sig's to gain undisputed possession of second place in the standings, while the Theta Chi's were splitting their match with the SAE's.

With the final round scheduled for Saturday, and enjoying a full two game margin, the Phi Delt's are confident of taking this year's championship. Saturday's matches pit the Phi Delt's against the Theta Chi's who have proved dangerous of late; however, if they win two matches they are assured of a championship. If the Sigma Chi's cop all three games in Saturday's play, they have a chance of toppling the Phi Delt's aspirations.

### The Standings:

	won	lost
Phi Delta Theta	10	2
Sigma Chi	8	4
Theta Chi	7	5
Phi Sigma Kappa	4	8
Sigma Nu	4	8
Sigma Alpha Epsilon	3	9

### NOTICE

Newman Club will meet in the basement of St. Anthony's Church after 10 o'clock mass Sunday, President Bob Zahn, Mandan, N.D., announced yesterday. Zahn urged all members to be present as Sentinel pictures will be taken.

## Brown Clarifies Franking Rules

"Any first class mail admissible under present mailing regulations to the first class mails and sent by any member of the armed forces, Coast Guard included, on active duty or in active service to persons in any section of the United States of America, or any possessions or territories thereof, is admitted to the mails duty free," states Missoula Postmaster Ralph W. Brown, in response to recent inquiries.

Brown emphasized that this service is an accommodation on the part of the government to the men of the Army, Navy and Marines and should not be used by men in reserves or training courses. There seems to have been some misunderstanding of the franking privilege on the campus, Brown said, and issued his statement in an effort to clear up this misunderstanding.

### TANK SCHEDULE SET WITH MEETS AWAY

There will be no home swimming meets with other schools this year, Captain George Misevic, swimming instructor, announced yesterday. Meets at which the University will be represented include the University of Idaho, there, Cheney, Washington, there, Northern Division of the Pacific Coast Conference at Pullman, Wash., and the State Winter Sports Meet at Bozeman.
